

# SHOE POLICY

Students' Shoes Will Be Acceptable according to the following guidelines:

1. The "body" of the shoe (everything except the visible part of the sole) can be any combination of black and red.

All-black shoes are still okay, but now the amount of red with the black can be in any proportion.

2. The only other colors besides black & red allowed are VERY, VERY SMALL amounts of white or gray.

If there are any other colors to the shoe, they can only be white or gray – AND ONLY IN VERY SMALL amounts. **For example**, the visible sole of the shoe might be white or gray, and maybe the Nike "swoosh" is gray or white. But that's it.

Shoes that are equally red/black/white/gray are Not acceptable. For example, if the heel part of the shoes is all white or gray, that's TOO MUCH white or gray.

3. Shoes with Any colors in any amount other than black & red and very small amounts of white or gray are totally disallowed. No pink or yellow or blue or green, etc. laces or swooshes, or highlights.

4. Remember, NO Girls' Boots of Any Kind – none.

Please see the pictures of examples of acceptable shoes on the back of this notice.

Thank you for your cooperation,

**SOCKS** – No clashing colors! Allowed colors are black, red, or white. Students wearing other colors will be given white socks & charged \$1.

Mr. Baumgartner  
& the Staff
